WARRANT FOR THE ANNUAL TOWN MEETING STATE OF NEW HAMPSHIRE

GRAFTON, SS

TOWN OF LYME

To the inhabitants of the Town of Lyme, New Hampshire, who are qualified to vote in Town affairs:

You are hereby notified that the annual Town Meeting of the Town of Lyme, New Hampshire, will be held at the Lyme Community Gymnasium in the Lyme School on Tuesday, March 11, 1997, at 7:00 A.M., to act upon the following subjects:

(Polls will open for voting by ballot on Articles 1 to 15 at 7:00 A.M. and will close at 7:00 P.M., unless the Town votes to keep the polls open to a later hour. The meeting will then recess until 9:15 A.M. when all other Articles will be considered at the business meeting which will start at 9:15 A.M.)

ARTICLE 1. To vote by nonpartisan ballot for the following Town Officers:

- One Selectmen to serve for a term of 3 years;
- One Town Clerk to serve for a term of 3 years;
- One Road Agent to serve for a term of 1 year;
- One Overseer of Public Welfare to serve for a term of 1 year;
- One Sexton to serve for a term of 1 year;
- One Planning Board Member to serve for a term of 3 years;
- Three Budget Committee Members to serve for a term of 3 years;
- One Trustee of Trust Funds to serve for a term of 3 years;
- One Trustee of Trust Funds to serve for a term of 1 year;
- One Cemetery Commission Member to serve for a term of 3 years;
- Three Library Trustees to serve for a term of 3 years;
- Three Recreation Committee Members to serve for a term of 3 years;
- One Recreation Committee Member to serve for a term of 1 year.

ARTICLE 2. Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

Amend Section 10.50 by adding the following sentence to the end of the first paragraph:

If more than one special exception is required for a proposal, the proposal must be reviewed and found to meet the conditions of Section 10.50 for each and every special exception associated with the proposal.

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 3. Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

Amend Article II, by adding a definition of business as follows:

Non-residential use, including but not limited to retail, service, recreational, manufacturing, professional office or clinic, and lodging accommodations, but not including institutional, agriculture or forestry use.

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 4. Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

A) Amend Article II, the definition of cluster development by deleting the words "lot size averaging" from the title, but not from the definition itself.

B) Amend Article II by adding a definition for lot size averaging as follows:

The ability to create lots which may not meet the minimum lot size or dimensional criteria of Table 5.1 by ensuring that the average lot size in a subdivision and the average of the dimensions of the lots in the subdivision taken together conform with the standards set forth in Table 5.1.

C) Throughout the Ordinance, replace the "/" between "cluster development" or "cluster," and "lot size averaging" with "and/or".

D) Amend Section 4.46D by adding to the end: Sites for building development shall be contained in a contiguous area no more than 25% of the lot proposed for cluster development.

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 5. Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

A) Delete the definition of bed and breakfast house and the listing for bed and breakfast in Table 4.1.

B) Amend Article II by adding a definition of lodging accommodations as follows:

Overnight quarters provided to transient guests, which could include as special exceptions accessory uses such as meal preparation, meal service and functions such as weddings, meetings, and reunions.

C) In all the text and tables, whenever the words "Hotel/Inn" or "Bed and Breakfast" occur, replace them with "Lodging Accommodations."

D) Add a new section:

4.56 Lodging Accommodations. A special exception review and conformance to the standards, conditions and requirements contained in Section 10.50 are required for each and every use that is proposed as accessory to lodging accommodations.

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 6. Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

Amend Section 4.65C by adding the following:

3. All new construction or substantial improvements shall be:

- i) designed (or modified) and adequately anchored to prevent floatation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;
- ii) be constructed with materials resistant to flood damage;
- iii) be constructed by methods and practices that minimize flood damage; and
- iv) be constructed with electrical, heating, ventilation, plumbing and air conditioning equipment, and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

Remove all references to the "Regulatory Floodway" and if not in conjunction with flood hazard area, replace with the words "flood hazard area."

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 7. Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

A) Amend Article II by adding a definition for wireless telecommunications structure, as follows:

Any structure used in the transmission, broadcast or relay of wireless communications.

B) Add a new section, 3.258 Wireless Telecommunications Overlay District:

The boundaries of the Wireless Telecommunications Overlay District are the boundaries of that area of land located within one hundred feet of the Smarts Mountain Fire Tower. The primary objective of the Wireless Telecommunications Overlay District is to provide a reasonable opportunity for location of such facilities in the Town and thereby serving the following objectives:

(1) provide Lyme residents with access to wireless communications; and

(2) preserve scenic views.

C) Add Wireless Telecommunications Overlay District as a heading on Table 4.1 and add Wireless Telecommunications Structure to the list of business uses in Table 4.1

D) Add a new section: 4.68 Wireless Telecommunications Overlay District

A. Permitted Uses. The following uses are permitted in the Wireless Telecommunications Overlay District:

1. Forestry and tree farming.

2. Wildlife refuges.

3. Parks and outdoor recreation uses requiring no structures.

4. Conservation areas and nature trails.

B. Special Exceptions. Uses permitted by special exception are:

1. Wireless Telecommunications structures.

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 8. Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

Amend Article II, by adding a definition of residence as follows:

A dwelling unit.

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 9. Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

Throughout the Ordinance, change all references from "SCS" to "NRCS."

[Note: The US Department of Agriculture Soil Conservation Service changed its name to the Natural Resources Conservation Service.]

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 10. Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

Amend Section 10.81 by substituting "30" for "10" in the second sentence.

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 11. Are you in favor of the adoption of Amendment #10 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

Amend Section 4.46C by inserting after the word "ordinance", the words "including adequate driveway access to each lot."

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 12. (BY PETITION.) Are you in favor of the adoption of Amendment #11 to the Lyme Zoning Ordinance as proposed by the Petitioners as follows:

Amend section 4.63B (Shoreland Conservation District: Special Exceptions) by adding the following use: Noncommercial development within areas specifically reserved for that purpose which were created as the result of conservation easements executed prior to the adoption of this Zoning Ordinance on March 14, 1989.

(Majority nonpartisan official ballot required.) (Recommended by the Planning Board.)

ARTICLE 13. (BY PETITION.) Are you in favor of the adoption of Amendment #12 to the Lyme Zoning Ordinance as proposed by the Petitioners as follows:

A.) Change Table 4.1 under Section 4.2 of the Lyme Zoning Ordinance to indicate that a Hotel/Inn would not be allowed in the Rural District as a special exception, but would instead be a "use not permitted, or 'N'."

B.) Any "Business Use" (not including "Agricultural" or "Forestry" uses as listed in TABLE 4.1 of Section 4.2) shall be limited in scope to that of a "Cottage Industry," as already defined under ARTICLE II of the Ordinance.

[Note: *Petitioners' Explanations:*

The objective of the Zoning Ordinance relative to the Rural District is defined in part as follows:

'to protect the existing pattern of rural land uses in the Town, to maintain and foster traditional agricultural pursuits, to encourage the most appropriate use of land, and to facilitate the adequate provision of community services. Less intensive land uses are permitted in the Rural District to ensure that uses complement each other and are consistent with the existing character of the District.'

"All existing Business Uses as well as proposed Business Uses listed in Table 4.1, excepting Hotel/Inn, are widely understood to be Cottage Industries. The Hotel/Inn category does not belong in this group. Removing "Hotel/Inn," as proposed in Amendment (A), would correct an obvious aberration in the Zoning Ordinance.

"Amendment (B) would formally limit all businesses in the Rural District to being Cottage Industries. This would clarify the intent of the Zoning Ordinance by bringing it in line with people's assumptions.

"People living in the Rural District believe they are currently protected from having a high-impact commercial business pop up next door to them. Unless this aberration is corrected, they are NOT!"

(Majority nonpartisan official ballot required.) (Not recommended by the Planning Board.)

ARTICLE 14. To see if the Town will vote to modify the elderly exemptions from property tax in the Town of Lyme based on assessed value, for qualified taxpayers, to be as follows:

- for a person 65 years of age up to 75 years, \$30,000;
- for a person 75 years of age up to 80 years, \$60,000;
- for a person 80 years of age or older, \$120,000.

To qualify, the person must have been a New Hampshire resident for at least five years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least five years. In addition, the taxpayer must have a net income of not more than \$17,000 or, if married, a combined net income of less than \$24,000; and own assets not in excess of \$65,000, excluding the value of the person's residence.

[Note: *The New Hampshire legislature changed the statutes pertaining to elderly exemptions. Consequently, the Selectmen propose two significant changes to our previously adopted elderly exemption.*

Maximum Level of Net Income: Previously, the applicant was allowed a maximum level of net income of not more than \$10,000 or, if married, a combined net income of less than \$12,000. The new statute increased the lowest maximum level of net income allowed to \$13,400, if single, and to \$20,400, if married. The prior statute excluded the applicant's social security payments in calculating net income. The new statute includes social security payments in calculating an applicant's net income. The Selectmen propose a maximum taxable income level of \$17,000, if single, and \$24,000 if married.

Maximum Level of All Assets, Excluding Residence: According to the new statute, the amount of assets the Town may choose cannot be less than \$35,000. The Town's former maximum value of all assets allowed to an applicant, excluding the applicant's residence, was \$50,000. The Selectmen propose that the maximum level of assets, excluding the applicant's residence, be increased to \$65,000. The applicant's "residence" includes the applicant's principal housing unit and related structures such as unattached garage or woodshed (all of which is considered to be the applicant's principal home) and the land upon which the house is located up to the greater of 2 acres or the minimum single family residential lot size specified in the local zoning ordinance. "Residence" does not include attached dwelling units and unattached structures used or intended for commercial or other nonresidential purposes. See RSA 72:39-b,1 (c).]

(Majority nonpartisan official ballot required.) (Recommended by the Selectmen.)

ARTICLE 15. To see if the Town will vote to adopt an exemption for the totally and permanently disabled. The exemption from property tax in the Town of Lyme, based on assessed value, for qualified taxpayers, shall be \$30,000.

To qualify, the person must have been a New Hampshire resident for at least five years and own and occupy the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least five years. In addition, the taxpayer must have a net income of not more than \$17,000 or, if married, a combined net income of less than \$24,000; and own assets not in excess of \$65,000, excluding the value of the person's residence.

[Note: The Town currently does not have an exemption for the totally and permanently disabled. The Social Security Administration determines whether the applicant is disabled for purposes of this exemption. See the preceding Article 14 for our explanation of what assets are included. See RSA 72:37-b.]

(Majority nonpartisan official ballot required.) (Recommended by the Selectmen.)

[Note: This note applies to the next few warrant articles - Warrant Articles 16, 17, 18 and 19. The Town changed its policy of rebuilding roads, therefore, the Selectmen propose that the Town discontinue its Capital Reserve Fund entitled "Major Highway Rebuild Capital Reserve Fund" and to redistribute the moneys from that fund into three new accounts. The money taken out of one fund cannot be transferred directly to other funds. The money has to come out of one fund and then go into the general fund. Then money can be appropriated out of the general fund into the three new funds. We propose to put the majority of these moneys into the following three accounts:

As of December 31, 1996, the estimated sum of money in the Major Highway Rebuild Capital Reserve Fund was \$92,000 (Actual Amount as of 12/31/96: \$91,833.86).

*(Article 16 - Public Land Acquisition Reserve Trust Fund): \$50,000
\$92,000 - \$50,000 = \$ 42,000 Left over
(Article 17 - Public Works Facility Reserve Trust Fund): \$10,000
\$ 42,000 - \$10,000 = \$32,000 Left over
(Article 18 - Emergency Highway Repair Fund): \$32,000
\$32,000 - \$32,000 = \$ 0 Left over]*

ARTICLE 16. To see if the Town will vote to discontinue the Major Highway Rebuilding Capital Reserve Fund created in 1993. The Town's policy of rebuilding roads has changed and the original purpose of this fund is no longer valid. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the Town's general fund.

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

ARTICLE 17. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of a Public Land Acquisition Capital Reserve Fund and to raise and appropriate the sum of \$55,000 to be placed in this fund and authorize the transfer of \$50,000 of the December 31, 1996, fund balance in that amount for this purpose. (The remainder of \$5,000 to come from the prior year's surplus of Land Use Change Tax Fund in Article 19.)

(These appropriations are included in the Total Appropriations of the budget approved by the Budget Committee.)

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

ARTICLE 18. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of a Public Works Facility Capital Reserve Fund and to raise and appropriate the sum of \$10,000 to be placed in this fund and authorize the transfer of \$10,000 of the December 31, 1996, fund balance in that amount for this purpose.

(These appropriations are included in the Total Appropriations of the budget approved by the Budget Committee.)

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

ARTICLE 19. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of an Emergency Highway Repair Fund and to raise and appropriate the sum of \$32,000 to be placed in this fund and authorize the transfer of \$32,000 of the December 31, 1996, fund balance in that amount for this purpose.

(These appropriations are included in the Total Appropriations of the budget approved by the Budget Committee.)

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

ARTICLE 20. To see if the Town will vote to raise and appropriate the following sums as follows: The funds to come from the "Land Use Change Tax Escrow" account (designated as "L.U.C.T." in the budget), held by the Treasurer under provisions of NH RSA 36-A:5, III. After appropriations these funds shall be transferred to the General Fund Budget for the current fiscal year and appear as an offsetting transaction, with no effect on the tax rate.

Land Use Change Tax Escrow Account

Balance as of 12/31/96:	\$11,852.40
Proposed Withdrawals:	
1. Public Land Acquisition Reserve Trust Fund:	\$5,000.00
2. Lyme Center Academy Building -	
Consultant/Architect:	\$2,500.00
To be returned to the General Fund to reduce taxes:	\$4,352.40

(These appropriations are included in the Total Appropriations of the budget approved by the Budget Committee.)

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

ARTICLE 21. To see if the Town will vote to raise and appropriate the sum of twenty-five thousand dollars (\$25,000) for the first phase of a complete revaluation and authorize the withdrawal of twenty-five thousand dollars (\$25,000) from the Capital Reserve Fund created for that purpose. The complete revaluation will take place over the next three years. The complete revaluation/appraisal will be performed by a private appraisal contractor, who has been approved by the Department of Revenue Administration.

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

ARTICLE 22. To see if the Town will vote to raise and appropriate funds and make payment to the following Capital Reserve and Trust Funds previously established for the purposes set forth in the Budget as submitted by the Budget Committee as follows:

Emergency Major Equipment Rebuilding Trust Fund	\$3,000
Lyme Center Academy Building Renovation Capital Res. Fund	\$2,000
Bridge Reserve Fund	\$2,500
Vehicle Equipment Reserve Fund	\$41,000
Heavy Equipment Reserve Fund	\$16,000
Property Reappraisal Fund	\$10,000
(Total:	\$74,500)

(These appropriations are included in the Total Appropriations of the budget approved by the Budget Committee.)

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

ARTICLE 23. To see if the Town will vote to raise and appropriate funds and authorize the Selectmen, as agents for the Town, to withdraw and expend such funds from the Capital Reserve and Trust Funds for the purposes set forth in the budget as submitted by the Budget Committee as follows:

Emergency Major Equipment Rebuilding Trust Fund	\$15,800
Bessie Hall Fund (Fire Equipment)	\$5,500
Lyme Center Academy Building Renovation Capital Res. Fund	\$4,000
Lyme Center Academy Building Gifts and Donations Fund	\$1,000
Emergency Highway Repair Fund	\$32,000
(Total:	\$58,300)

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

ARTICLE 24. To see if the Town will vote to raise and appropriate the sum of one million one hundred eighty-nine thousand eight hundred ninety-six dollars and no cents (\$1,189,896.00) which represents the total appropriations as recommended in the Budget by the Budget Committee.

[This sum includes warrant Articles 16, 17, 18, 19, 20, 21, 22 and 23.]

(Majority vote required.) (Recommended by the Selectmen.)

ARTICLE 25. To see if the Town will vote to approve the concept of the three-phase project as presented in a proposal prepared for the Town by Haynes and Garthwaite, Architects, to renovate the exterior of the Lyme Center Academy Building close to its nineteenth century appearance and to rehabilitate the interior for use by the community for meeting space and to

serve as a home where the Town community historical society can present Lyme's history. The final goal of the three-phase plan is to return the Lyme Center Academy Building to regular use by local and area groups for social and artistic meetings.

[Note: Because the funding of this project may be a lengthy process, the program was organized for phased implementation of the project. The Board of Selectmen previously approved fund-raising activities for Phase I and Phase II.]

(Majority vote required.)

ARTICLE 26. (BY PETITION.) To see if the Town will vote to allow use of the Lyme Center Academy Building by the Lyme Historians at a rent of \$1.00 per year for the purpose of display and storage of historical records and artifacts from Lyme and surrounding areas and related activities for a minimum of ten years or as long as the previously stated purpose is being met.

(Majority vote required.) (Not recommended by the Selectmen.)

[Note: The substance of Articles 27 - 32 were approved by earlier Town Meetings, however, these slightly revised "boilerplate" provisions appear again to conform to wording changes recommended by the State of New Hampshire, Department of Revenue Administration.]

ARTICLE 27. To see if the Town will vote to accept the provision of RSA 33:7 providing that any town at an annual town meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Selectmen to issue tax anticipation notes.

(Majority vote required.) (Recommended by Selectmen.)

ARTICLE 28. Shall the Town accept the provision of RSA 80:80 authorizing the Selectmen to sell at public auction, or by advertised sealed bids, any real estate acquired by the Town through tax collector's deeds provided, however, that instead the Selectmen in their discretion may reconvey such real estate to the previous owner or to the heirs and/or devisees of such previous owner as justice may require, such authority being granted indefinitely, until specific rescission of such authority.

(Majority vote required.) (Recommended by Selectmen.)

ARTICLE 29. Shall the Town accept the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Selectmen to apply for, accept and expend, without further action by the Town Meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year. This authorization will remain in effect until rescinded by a vote of the municipal meeting.

(Majority vote required.) (Recommended by Selectmen.)

ARTICLE 30. To see if the Town will vote to authorize the Board of Selectmen to accept gifts of personal property, other than cash, to the municipality for any public purposes. This authorization in accordance with RSA 31:95-e shall remain in effect until rescinded by a vote of the municipal meeting.

(Majority vote required.) (Recommended by Selectmen.)

ARTICLE 31. To see if the Town will accept the provisions of RSA 31:19 providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Selectmen to apply accept trusts without further action by the Town. This authorization will remain in effect until rescinded by a vote of the municipal meeting.

(Majority vote required.) (Recommended by Selectmen.)

ARTICLE 32. Shall the Town vote to accept the provisions of RSA 202-A:4-c providing that any town at an annual meeting may adopt an article indefinitely, until specific rescission of such authority, the public library trustees to apply for, accept and expend, without further action by the Town Meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year.

(Majority vote required.) (Recommended by the Library Trustees.)
(Recommended by the Selectmen.)

ARTICLE 33. Shall the Town vote to adopt the provisions of RSA 202-A:4-d providing that any town at an annual town meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the library trustees to accept gifts of personal property, other than money, which may be offered to the library for any public purpose, provided, however, that no acceptance of personal property by the library trustees shall be deemed to bind the town or library trustees to raise and appropriate or expend any such public funds for the operation, maintenance, repair or replacement of such personal property.

[Note: This is new.]

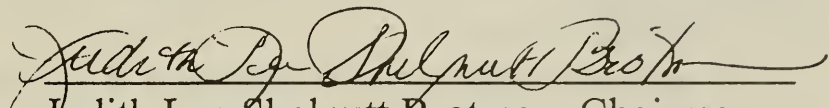

(Majority vote required.) (Recommended by the Library Trustees.)
(Recommended by the Selectmen.)

ARTICLE 34. To hear reports of Agents, Auditors, or Committees or other officers heretofore chosen, and to pass any vote relating thereto.

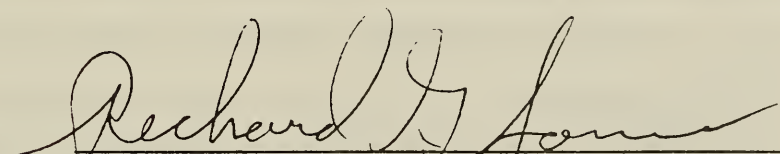

(Majority vote required.)

ARTICLE 35. To transact any other business that may be legally brought before this Town Meeting. Given under our hands and seal of the Town of Lyme this 14th day of February, 1997.

**LYME PLANNING BOARD'S
PROPOSED ZONING AMENDMENTS FOR
TOWN MEETING 1997
EXPLANATION OF WARRANT ARTICLES**

List of Zoning Amendments to be Considered at Town Meeting 1997

1. Amend Section 10.50 by adding the following sentence to the end of the first paragraph:

If more than one special exception is required for a proposal, the proposal must be reviewed and found to meet the conditions of Section 10.50 for each and every special exception associated with the proposal.

This amendment makes clear the need for the Zoning Board to consider each special exception, which may be required in order to permit a use or structure, separately and completely, giving each special exception a thorough review using the conditions of Section 10.50.

2. Amend Article II, by adding a definition of business as follows:

Non-residential use, including but not limited to retail, service, recreational, manufacturing, professional office or clinic, and lodging accommodations, but not including institutional, agriculture or forestry use.

This amendment gives the Town a definition of business.

3. A) Amend Article II, the definition of cluster development, by deleting the words "lot size averaging" from the title, but not from the definition itself.
- B) Amend Article II by adding a definition for lot size averaging as follows:

The ability to create lots which may not meet the minimum lot size or dimensional criteria of Table 5.1 by ensuring that the average lot size in a subdivision and the average of the dimensions of the lots in the subdivision taken together conform with the standards set forth in Table 5.1.

C) Throughout the Ordinance, replace the "/" between "cluster development" or "cluster", and "lot size averaging" with "and/or".

- D) Amend Section 4.46D by adding to the end:

Sites for building development shall be contained in a contiguous area no more than 25% of the lot proposed for cluster development.

This set of amendments will clarify the difference between a cluster development and a lot size averaged development. While some

developments will be both clustered and lot size averaged, there can be developments that are one or the other.

4. A) Delete the definition of bed and breakfast house and the listing for bed and breakfast in Table 4.1.

B) Amend Article II by adding a definition of lodging accommodations as follows:

Overnight quarters provided to transient guests, which could include as special exceptions accessory uses such as meal preparation, meal service and functions such as weddings, meetings, and reunions.

C) In all the text and tables, whenever the words "Hotel/Inn" or "Bed and breakfast" occur, replace them with "Lodging Accommodations".

D) Add a new section:

4.56 Lodging Accommodations. A special exception review and conformance to the standards, conditions and requirements contained in Section 10.50 are required for each and every use that is proposed as accessory to lodging accommodations.

This set of amendments relieves the Town from having to split hairs to define different types of lodging accommodations and insures that all will be regulated by Zoning Board's special exception review. When the owners of a permitted lodging accommodation that decide to change the mix of uses that might take place at the lodging accommodation, further Zoning Board review will be required. An example of such a change would be if a bed and breakfast owner wanted to start serving meals to guests who did not spend the night under their roof. This amendment is preferred rather than the amendment submitted by petition listed as Article 13 because it continues to allow lodging accommodations in the rural areas in Town.

5. Amend Section 4.65 C by adding the following:

3. All new construction or substantial improvements shall be:

- i) designed (or modified) and adequately anchored to prevent floatation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;
- ii) be constructed with materials resistant to flood damage;
- iii) be constructed by methods and practices that minimize flood damage; and

- iv) be constructed with electrical, heating, ventilation, plumbing and air conditioning equipment, and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

Remove all references to the "Regulatory Floodway" and if not in conjunction with flood hazard area , replace with the words "flood hazard area."

These amendments are required by the Federal Emergency Management Agency in order for the property owners in Town to continue to be eligible for federally insured flood insurance.

- 6. A) Amend Article II by adding a definition for wireless telecommunications structure, as follows: Any structure used in the transmission, broadcast or relay of wireless communications.

B) Add a new section, 3.258 Wireless Telecommunications Overlay District:

The boundaries of the Wireless Telecommunications Overlay District are the boundaries of that area of land located within one hundred feet of the Smarts Mountain Fire Tower. The primary objective of the Wireless Telecommunications Overlay District is to provide a reasonable opportunity for location of such facilities in the Town and thereby serving the following additional objectives:

- (1) provide Lyme residents with access to wireless telecommunications ; and

- (2) preserve scenic views.

C) Add Wireless Telecommunications Overlay District as a heading on Table 4.1 and add Wireless Telecommunications Structure to the list of business uses in Table 4.1.

D) Add a new section: 4.68 Wireless Communications Overlay District.

A. Permitted Uses. The following uses are permitted in the Wireless Communications Overlay District:

- 1. Forestry and tree farming.
- 2. Wildlife refuges.
- 3. Parks and outdoor recreation uses requiring no structures.
- 4. Conservation areas and nature trails.

B. Special Exceptions. Uses permitted by special exception are:

- 1. Wireless telecommunications structures.

This set of amendments responds to the Federal Telecommunications Act of 1996 which limits the authority towns have over regulation of telecommunications devices, but clarifies what authority towns do have. With this amendment, the Town is providing a location for telecommunications structures. As more work is done to identify the best places in Town for such structures this Section will be modified.

7. Amend Article II, by adding a definition of residence as follows:

A dwelling unit.

This amendment gives the Town a definition for residence.

8. Throughout the Ordinance, change all references from "SCS" to "NRCS".

This amendment updates our Ordinance, since the Soil Conservation Service changed its name to the Natural Resources Conservation Service.

9. Amend Section 10.81 by substituting "30" for "10" in the second sentence.

This amendment gives the Zoning Board twenty more days to respond to a motion for rehearing.

10. Amend Section 4.46C by inserting after the word "ordinance", the words "including adequate driveway access to each lot."

This amendment is a reminder of the need for each lot in an economically feasible conventional subdivision to have adequate driveway access.

ARTICLE 15. Are you in favor of the adoption of Amendment #14 as proposed by the Planning Board for the Lyme Zoning Ordinance as follows:

Amend Articles II, III, IV and V to create a new district called the Skiway District. In the proposed district, new uses to the Ordinance are proposed including Food Service, Ski Lodge and Skiing Facilities. Most of the conservation overlay districts would not apply to Skiing Facilities. Table 4.1 would be amended to add the new district which permits agriculture, forestry and excavation and allows by special exception outdoor recreation, sawmill, and skiing facilities. New standards are proposed for review of Skiing Facilities. Table 5.1 is amended to include the new district and to restate, but not change the meaning of, the footnotes to the Table. This amendment would necessitate a change to the Zoning Map, taking land from the East Lyme District and Rural District along the Grafton Turnpike and Dorchester Road to create the Skiway District.

(Majority vote required.) (Recommended by the Budget Committee.)
(Recommended by the Selectmen.)

SECONDED

An **AMENDMENT** was made by Selectman Donald Cutter and **SECONDED** to delete the sum of \$10,000 for Bridge Work from this article. (This reduces the total of expenditures under this article to \$179,300.)

AMENDMENT VOTED IN THE AFFIRMATIVE BY VOICE VOTE

MOTION AS AMENDED VOTED IN THE AFFIRMATIVE BY VOICE VOTE

ARTICLE 18. Dorf Sears made the motion that the Town vote to raise and appropriate the following sums as follows: The funds to come from the "Land Use Change Tax Escrow" Account (designated as L.U.C.T. in the budget), held by the Treasurer under provisions of NH RSA 36-A:5,III. After appropriations these funds shall be transferred to the General Fund Budget for the correct fiscal year and appear as an offsetting transaction, with no effect on the tax rate.

Land Use Change Tax Escrow Account

Balance as of 12/31/95	\$27,430
Proposed Withdrawals:	
Overhead Doors for Fire Station	\$5,500
Academy Building - Consultant	\$1,500

Post Pond - Ball Field Improvements	\$5,000
Cemetery Improvements	\$3,000
Beal Cemetery Stone Wall and Tree Work	\$2,000
Total:	\$18,000
To be returned to the General Fund to reduce taxes:	\$9,430

(These appropriations are included in the Total Appropriations of the budget approved by the Budget Committee.)

(Majority vote required.) (Recommended by the Budget Committee.)

(Recommended by the Selectmen.)

SECONDED

An **AMENDMENT** was made by Alfred Balch and **SECONDED** to change the item, Beal Cemetery Stone Wall and Tree Work to Beal Cemetery Stone Wall and Tree Maintenance.

AMENDMENT VOTED IN THE AFFIRMATIVE BY VOICE VOTE

MOTION AS AMENDED VOTED IN AFFIRMATIVE BY VOICE VOTE

ARTICLE 19. (BY PETITION.) Mary Daubenspeck made the motion that the Town vote to establish the Lyme Center Academy Building Renovation Capital Reserve Fund for the renovation of that building.

(Majority vote required.) (Recommended by the Budget Committee.) (Not Recommended by the Selectmen.)

SECONDED

MOTION VOTED IN THE AFFIRMATIVE BY VOICE VOTE

ARTICLE 20. (BY PETITION.) Barbara Roby made the motion that the Town vote to raise and appropriate the sum of two thousand dollars (\$2,000) to be placed in the Lyme Center Academy Building Renovation Capital Reserve Fund, previously established in Article 19 above.

(This appropriation is not included in the Total Appropriations of the budget approved by the Budget Committee.)

(Majority vote required.) (Recommended by the Budget Committee.) (Not Recommended by the Selectmen.)

SECONDED

MOTION VOTED IN THE AFFIRMATIVE BY VOICE VOTE

ARTICLE 21. (BY PETITION.) Ross McIntyre made the motion that the Town vote to amend Article 21, of the Town Meeting of March 14, 1995, so as to restore the amount of payments collected pursuant to RSA Chapter 79 (Land Use Change Tax) being placed in the Conservation Fund under RSA 79-A:25 from 25% to 50%.

[Rationale: These funds are generated under RSA Chapter 79-A:25-a (Land Use Change tax). At the March 14, 1989 Town Meeting the Town adopted RSA 79-A:25 to place 50% of the revenues from all future Land Use Change Tax in a conservation fund in accordance with RSA 36-A:5,III. At the March 9, 1993 Town Meeting the Town adopted RSA 79-A:25-a to account for revenues

(Majority vote required.) (Not Recommended by the Budget Committee.)

ARTICLE 24. Gene Hoch made the motion that the Town vote to rescind Article 23 of the 1931 Town Meeting set forth as follows:

the Agent shall hire married men in town and if more are needed to employ single men in town and help shall work from 7 a.m. to 5 p.m. nine hours each day.

[Rationale: The Warrant for the 1931 Town Meeting read as follows:

Article 23. (By Petition) the following Article, To see if the Town will vote to hire all married men that are taxpayers on Real Estate or married men that are residents of this town that are needed to be employed, in town or State aid work and that these men shall work nine hours a day, meaning that they shall be on their job at seven o'clock a.m. and work until five o'clock p.m., wherever their work may be, and upon first complaint from residents of this town to the selectmen that these men are not doing their duty, the selectmen shall made an investigation at once, and if found they are not, the Road Agent shall be discharged at once by the Selectmen, and a new Road Agent appointed by them. These married men shall be capable of doing a good day's work, and in case there are not enough married men, they may hire single men of this, but not to hire out of town help.

The minutes for the 1931 Town meeting read as follows:

It was moved that the town employ married men who are taxpayers in real estate and if not enough then hire married men who are not taxpayers. Motion was lost Yes 37, No 46.

A motion was made that this article be stricken out except that the Agent shall hire married men in town and if more are needed to employ single men in town and help shall work from 7 a.m. to 5 p.m. nine hours each day.]

(Majority vote required.) (Recommended by the Selectmen.)

SECONDED

MOTION VOTED IN THE AFFIRMATIVE BY VOICE VOTE

ARTICLE 25. Joshua Kilham made the motion to hear reports of Agents, Auditors, or Committees or other officers heretofore chosen, and to pass any vote relating thereto.

(Majority vote required.) (Recommended by the Selectmen.)

SECONDED

MOTION VOTED IN THE AFFIRMATIVE BY VOICE VOTE

ARTICLE 26. To transact any other business that may be legally brought before this Town Meeting.

Mike Smith shared some reminiscences of working, as Town Auditor, with Pearl Dimick in her home, and also mentioned her very generous bequest to the Town of \$200,000 which will provide direct benefits to Lyme residents in need.

Freda Swan asked for a sense of the meeting to ask the Selectmen to move Town Meeting to Saturday morning so that more people would be able to attend. It was also suggested that the School Board be asked to consider changing the annual School District Meeting to Saturday so that both meetings would be held on the same day, one following the other with a community lunch between.

The sense of the meeting was strong approval for Saturday meetings.

Don Elder made the suggestion that since we have a number of Lyme residents who are tree professionals, the Selectmen should appoint Town Tree Agents for advice and consultation to the Town.

The meeting was adjourned at 12:20 P.M.

Respectfully submitted,
Jean A. Smith, Town Clerk

Board of Selectmen

Town of Lyme

Town Office

Lyme, New Hampshire, 03768

Dear Members of the Board:

On February 2, 1997, we completed the fieldwork in connection with the audit of the Town's 1996 financial statements. Unless we encounter circumstances beyond our control the completed reports will be available within six weeks of that date.

Very truly yours,

Vachon, Clukay & Co., PC

SELECTMEN ANNUAL REPORT - 1996

The year of 1996 was an eventful year for the Board of Selectmen. In November, Selectman Don Cutter received a "Municipal Volunteer of the Year Award" from the New Hampshire Municipal Association. Mr. Cutter has been involved in municipal affairs as a volunteer, first in Hanover and then in Lyme, since his days as a college student at Dartmouth College in the early 1940s. We applaud him and commend him for his years of service.

The following town-wide projects were completed. The State of New Hampshire re-paved Route 10 from the Hanover town line northward and installed a drainage line to the existing catch basins around the Common. The Lyme Police Department was hired to provide a traffic control officer for part of this project. The Lyme Highway Department rebuilt Pinnacle Road this year. The Recreation Committee contracted to have an artesian well drilled so now there is drinking water at the beach and ball field. The Conservation Commission contracted to have the Town Forest (formerly known as the "Sevigny Forest") logged. The net revenue from this cutting was over \$12,000. The handicapped lift to the Town Offices was repaired, modified and inspected so that it now meets state standards.

The Town made two major purchases this year in accordance with Town Meeting votes. The Town purchased a road grader for the Highway Department and a new Cruiser for the Police Department.

The Selectmen expanded the trash collection hours. The hours are from 8:30AM to 11:00AM on Sundays. The Selectmen will continue to monitor the use of the transfer station between 8:30 AM and 9:00 AM to see if the volume of usage justifies the increase in cost.

We still have several lawsuits pending which we hope will be resolved this year.

The property revaluation scheduled for 1999 will take place over the next three years. This will be the first year of that revaluation process. The Board of Selectmen decided to adopt this plan for doing a revaluation over time in order to save significant moneys. This extended timetable also will enable the appraiser to do a thorough and accurate job of assessing our properties.

The Selectmen would like to thank the many professionals and volunteers who give so much of their knowledge and time to benefit our community. The Selectmen's ability to guide the town is made possible by the cooperation and assistance received from the entire town staff, committee members and individuals who graciously give of their time and knowledge. In particular, we have high praise for our highway department crew for their tireless efforts to keep our roads open and safe. The Highway Department does an excellent job, despite their limited funding. And, of course, we could not exist without our town office staff who keeps us on target and out of trouble. We thank them for their continued assistance.

THE LYME CENTER ACADEMY BUILDING STUDY COMMITTEE - ANNUAL REPORT - 1996

With ongoing support from the community, which was expressed at several open houses at the Academy in conjunction with the Lyme Historians, and at our public meeting in September, the Study Committee has moved forward with plans for renovations.

In April of this year we hired the architectural firm of Haynes & Garthwaite of Norwich, VT to help us with our vision of the Academy Building as a Lyme Center Arts & History Building. Andrew Garthwaite has assisted us in developing a program that proposes the renovation of the exterior close to its nineteenth century appearance, and the rehabilitation of the interior for use by the community as a meeting space. It will also serve as a home where the Lyme Historians can present and interpret Lyme's history. The second floor open space, with the raised stage, can be used as a gathering/meeting room suitable for recitals, singing, and instrumental groups, and whatever the space will allow. A newly configured set of stairs leading up to the Academy Hall, and a barrier-free bathroom, will ensure a broad and safe use of the building.

The exterior of the building is what most people focus on now; it will get attention first. Once stabilization and exterior renovation, code and systems improvements are completed, the Academy Building will once again be a handsome component of Lyme Center Village.

In anticipation of the town's approval of an article in this year's town warrant the town to vote to allow the use of the Academy Building by the Lyme Historians, the committee has begun to lay the groundwork for funding the project. We will rely on funding from several foundations, as well as interested individuals.

The committee's work is ongoing, and we welcome anyone who would like to participate.

CEMETERY COMMISSION ANNUAL REPORT - 1996

This year in the Beal Cemetery, the stone wall has been repaired and some hazardous trees along the boundary have been removed.

In the Highland Cemetery benchmarks are in place as reference points for future development of the cemetery. The Board of Selectmen is working on soliciting bids for the newly surveyed road. Landscaping and signage for the new entrance will be completed after the road is finished. The new plantings in the Highland Cemetery continue to do well.

In the Old Cemetery, the deteriorated fence has been removed and the Commission hopes for funding to replace the whole fence.

CONSERVATION COMMISSION ANNUAL REPORT - 1996

Conservation Easements:

Monitoring is continuing. Where questions have arisen, special site visits have been made and questions answered in a timely fashion.

Education:

The commission has continued to support the Lake Ecology Program of the Department of Environmental Services. It is being supervised by Tom Estill in his 7th grade science class.

The commission made a contribution to a Connecticut River Joint Commissions project, their recently developed River Corridor Management Plan. Lyme has appointed members to the Upper Valley Subcommittee for this project. Copies of the completed plan will be available in the town office for review and guidance.

In late April, in cooperation with the NH Fish and Game Dept., and the NH Audubon Society, we sponsored a Vernal Pools Study Program, to which we invited our town and neighboring Conservation Commissions. We met for a study session and for a forest walk. Both the study meeting and the walk were interesting and informative, though the attendance was not as large as hoped, due to rainy weather.

Wetlands Applications:

Applications for wetlands permits have been simplified. The commission continues site visits in response to notification by the Wetlands Board and makes recommendations to the board as promptly as possible.

Natural Resources Inventory:

By town meeting, we hope to have received our completed maps. They are compatible in scale with those used by the town boards and will be available to the town. We will continue to develop the survey in the coming year.

The Town Forest:

A copy of the Town Forest Management Plan is on file in the town office. The first scheduled logging was completed in late October and a walk with John O'Brien and Northam Parr, Grafton County Forester, Conservation Commission members and interested townspeople was held. A check for the net receipts of this phase, \$12,244.02, was presented to the Town of Lyme for deposit in the General Fund. The town forest has been approved as a State Tree Farm. A sign will be installed in the spring and an educational and planning walk is on our agenda.

Post Pond:

The pond was monitored in mid June by the Goldburghs and the representative of the Department of Environmental Services. The tests indicate continued stability of the pond.

Chaffee Wildlife Sanctuary:

In September, the open fields of the sanctuary were cut and the walking trails were trimmed. This will be done again in 1998, in accordance with our bi-annual plan.

The large sanctuary sign is being refurbished. A small sign is being installed to deter four wheeled vehicles entering to approach the pond.

LYME FAST SQUAD ANNUAL REPORT - 1996

The FAST Squad, Lyme's all-volunteer first-response crew for medical emergencies, had a busy and positive year in 1996. We expanded our active membership, purchased badly needed equipment, completed a successful fundraising campaign, and continued to provide a high level of emergency medical care to Lyme residents. Over the past year, the Lyme Fast Squad engaged in the following activities:

- Responded to fifty-one emergency calls.
- Initiated a program to purchase protective clothing for squad members.
- Completed a two-year program to upgrade our radio/communications capabilities with the purchase of one mobile radio and one pager.
- Purchased new backboards and specialized equipment to enhance our ability to care for pediatric patients.
- Hosted, in conjunction with the Lyme Fire Department, a First Responder course taught by Michael Hanchett. Three Lyme residents "graduated" from the course and became active FAST squad members.
- Acquired the capability to administer three life-saving drugs (epinephrine, dextrose, and narcan) on scene. In one case in 1996, the FAST Squad administered epinephrine to a patient with a severe allergic reaction to multiple bee stings.
- Completed a campaign to raise funds to purchase a semi-automatic cardiac defibrillator/monitor. Through a combination of revenues from the annual ski sale and generous private donations, the FAST squad raised \$8,000 to purchase the defibrillator and related equipment, and to provide training for all squad members on its proper and effective use. This lifesaving device should be in by mid-February.

Our plans for 1997 include:

- Continuing a program to purchase protective clothing for squad members.
- Purchasing a jump-kit for one new squad member.
- Co-sponsoring, with the Lyme and Thetford fire departments and Thetford FAST squad, a training course on the Incident Command System during the months of February and March.

Many thanks to everyone who supported the Lyme FAST Squad in 1996 by participating in the ski sale, contributing to the defibrillator campaign, or making a donation. In 1997, we hope to continue to improve the quality of emergency medical care to Lyme residents.

**LYME VOLUNTEER FIRE DEPARTMENT
ANNUAL REPORT - 1996**

The department responded to forty-one calls during 1996, which was slightly fewer than in recent years. Chimney fires, motor vehicle accidents, structural fires, and downed electric wires were among the principal emergencies the department handled, along with mutual aid to the towns of Hanover, Dorchester, and Thetford.

The Fire Department is made up of twenty-five to thirty town residents, both women and men, aged eighteen and up, some of whom have been members for many years and others who have recently joined the organization. Meetings are held monthly at the fire station on High Street on the second Monday evening at 7 PM. If you think you might be interested in joining the department you may talk with any of the members; you are welcome to attend any meeting.

Training is conducted on a regular basis, both in town and at the fire training facility in Post Mills, VT. Classroom training takes place in the new fire station meeting room which is also made available to other town organizations. A majority of members have completed the basic course in fire-fighting; this course is accredited by the State of New Hampshire. Safety procedures, fire-fighting techniques, and familiarization with the equipment are covered, and periodically, courses in emergency medical procedures such as CPR are offered.

911 Emergency calling is up and running. Anyone with questions or problems with the system may call Chief Don Elder.

**TOWN FOREST FIRE WARDEN AND STATE
FOREST RANGER - ANNUAL REPORT - 1996**

To aid your Forest Fire Warden, Fire Department, and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing any open burning. Violations of RSA 224:27 II, the fire permit law, and the other burning laws of the State of New Hampshire, are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the NH Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention, and training programs, as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

The State of New Hampshire operates fifteen fire towers, two mobile patrols, and three contract aircraft patrols. This early detection, as well as reports from citizens, aids in the quick response from local fire departments.

LYME TOWN LIBRARY TRUSTEES ANNUAL REPORT 1996

Circulation - 1996

	Fiction	Non-Fiction	Paperbacks	Cassettes	Video	Magazines
Adult	3077	1656	545	1566	2667	490
Juvenile	6518	2504	508			

Total - 19,531

The Lyme Library has once again had a busy and productive year. The circulation statistics have increased in total numbers; Lyme continues to have high circulation numbers per capita, almost twice the state average. At the same time, demand for inter-library loans has increased during 1996 by 50%. The library computer continues to provide Internet research assistance to school children. The trustees look forward (with the generous gift from the Friends of the Lyme Library) to the addition of a much needed second computer during 1997.

A major improvement to the outside appearance of the Lyme Library was contributed by Ian Pushee. Ian, a former summer intern at the library, took on the improvement as a project toward earning Eagle Scout rank. On Saturday, May 25th, he and his enthusiastic crew spent the day beautifying the library grounds. The Lyme Library salutes Ian for this project.

The library continues to provide programs that appeal to young and old alike. On July 5th a library float was driven in the Lyme parade. The summer theme, "Reading - The Best Game Around," was depicted in the float. Many thanks to young readers, along with Pat and Ben Hudson, for their many hours in creating this float. Another program, "Lyme, our piece of the Planet," was sponsored by the Friends of Lyme Library and the Lyme Conservation Commission. This three week program met with great success. The "Blisters for Books" run, the annual volunteer fund raiser, was extremely successful. The money contributed allows the library to continue the acquisition of new children/youth books plus reference materials. The art shows continue with new and interesting exhibits. Many thanks to Marion Blodgett and Lauri Rich; they give many hours to produce these fine shows.

The Lyme Library could not be opened as many hours, or offer the resources, without loyal volunteers that provide staffing, filing, and general book maintenance. The library had two student interns, Mark George and Emelia Smallidge, that gave more than one hundred hours of their summer vacation, catching up on the back-log of card filing. During the spring, Hanover High School student Laura Ostler selected the Lyme Library as a community project, volunteering an hour on Saturday afternoons.

The Lyme Library received a much needed "new" used card catalog, thanks to trustee Peg Ackerson. The card catalog was delivered with the assistance of her co-workers at Creare and installed with the help of trustee Greg Gorman.

The Lyme Library trustees have tackled many problems that are occurring with the library building. There were numerous leaks in the roof that were discovered with this very wet year. Another continuing problem the trustees are resolving is the exterior building/driveway drainage, and leakage into the basement town offices. We have initiated plans to resolve this situation in the upcoming year.

The Lyme Library continues to provide excellent service and information resources to the Town of Lyme. Because of the dual use of the library as a school library, statistically the Lyme Library receives as many reference questions as Hanover's Howe Library and is open almost as many hours. It should also be noted that Howe Library has seven times as many paid staff. The town of Lyme is lucky to have such a great resource in our own backyard.

PLANNING BOARD ANNUAL REPORT - 1996

The Lyme Planning Board met twenty-one times in 1996. The board developed and adopted a comprehensive set of revisions to the Subdivision Regulations. Seven subdivision proposals were informally reviewed. The board approved three boundary line adjustments; one subdivision application was submitted for preliminary review; two minor subdivisions, creating a total of two new lots, were approved.

The Planning Board wrote amendments to the Zoning Ordinance that were adopted at Town Meeting in 1996. A new set of zoning amendments is proposed for consideration at the 1997 Town Meeting. These are listed elsewhere in this report. Two public hearings on zoning amendments were held. The board met jointly with the Zoning Board of Adjustment on four occasions. Discussions regarding amendments to the Zoning Ordinance occurred six times during the year.

The Planning Board held a hearing on tree cutting on Highbridge Road, a scenic road in town. In addition to issuing driveway permits, the Planning Board visited all of the active gravel pits in town, reviewed the operations, and re-permitted them.

The Planning Board has requested money this year to contribute to developing a tax parcel map which will make it possible to retrieve natural resource, tax and permit information, about each lot in town. The parcel map is the necessary base map for creating a land use map and analyzing different land use futures for the Town Master Plan.

Special thanks to our alternates: Elsie McCarthy, William Ploog, and Tony Pippin, for their time and dedication. Thanks to Fred Stearns for his assistance in issuing driveway permits.

The board meets on the second and fourth Thursdays of the month. You are welcome to attend.

RECREATION COMMITTEE ANNUAL REPORT - 1996

The Lyme Recreation Committee oversees youth sports programs, summer activities at Post Pond, and special family events throughout the year. We gather at the Alden Inn on the first Monday of each month, and always welcome public participation in our meetings.

Again this year, the committee relied heavily on its "commissioners" to carry out programs or events. These tireless individuals deserve special mention in the town report, both as a way of saying "thanks" and to provide direction for your questions or suggestions (or even offers of help!).

<u>Activity</u>	<u>"Commissioners"</u>
Bonfire & Skating Party	Tom Ball, Will Pushee
Skiing Program	Jacqui Doucette-Malcolm, Christine Taylor
Winter Carnival	J.J. Pippin, Mike Kelly, Dina Cutting
Youth Baseball	Mant Copeland, Dan Freihofer
Post Pond	Allen Newton
Basketball	Jim Johnson
Tennis	Jeff Lehman
July 4 Fireworks	J. J. Pippin
Soccer	Steve Small
Pumpkin Festival	Ellen Mulvihill

This past summer, Allen Newton joined us as waterfront director. He helped implement a number of new policies which grew out of last year's town-wide public survey. This year's agenda includes the updating of our youth sports policies, as well as a search for more playing fields for our growing baseball, softball, and soccer programs.

Thanks for everyone's help in making 1996 another successful year!!

Dan Freihofer, Recreation Director

TROUT POND MANAGEMENT COMMITTEE

ANNUAL REPORT - 1996

A generous Lyme resident is in the process of giving the town a parcel of land adjoining the town's Trout Pond parcel. The Federal Government is involved in this transaction and the process is moving at a glacial pace. The donor's wish is that his gift be integrated with, and managed jointly with, the existing Trout Pond property.

Because the addition of this parcel would drastically alter the layout of the woodland improvement roads (that would become the Trout Pond Trail System), the Management Committee has been awaiting the completion of the gift.

It is anticipated that the gift will be completed in 1997 and the layout of the roads/trails will then proceed with forestry improvement management following.

UPPER VALLEY RIVER SUBCOMMITTEE CONNECTICUT RIVER JOINT COMMISSIONS ANNUAL REPORT - 1996

Representatives from river front towns in the Upper Valley have been meeting monthly to complete the river corridor management plan. Our subcommittee, made up of appointed citizens representing local business, agriculture, local government, river front landowners, recreation, and conservation, has been looking into the river issues we consider important to each community in the Upper Valley. We, and the other four subcommittees, have created this plan completely by consensus. This is truly an historic event: no one has ever attempted to construct a citizen-based plan for a river as large as the Connecticut, and certainly not on a bi-state basis.

The plan provides a home-grown blueprint for the way all of us - communities, landowners, businesses, agencies - can recognize what an asset a great river like the Connecticut can be to our towns.

The plan focuses on water quality, aquatic habitat, wildlife, endangered species, agriculture, recreation and access, bank erosion, and development. This year we have met with a number of experts in an attempt to inform ourselves about these issues.

The subcommittee learned that one of the greatest threats to water quality, aquatic habitat, and water-based recreation, is bank erosion, a very complicated issue. Our study has also shown that our towns should consider carefully the potential effects of allowing development too close to the river. Flooding this spring and summer demonstrated that the river will use its floodplain for flood storage.

The plan is now being prepared for printing and will be ready for public review this spring. The Connecticut River Joint Commissions will invite the Planning, Zoning, and Conservation Commissions, Selectmen, and the public, to consider which of its findings and recommendations our town might consider for adoption. We welcome anyone who is interested in learning more about the plan to contact us.

The Upper Valley River Subcommittee of the CRJC, formed in 1993 under the NH Rivers Management and Protection Act, includes river front towns from Piermont to Lebanon, NH, and Bradford to Hartford, VT. In addition to preparing the plan, the subcommittee advises the states and the CRJC on actions that could affect the river. The subcommittee is advisory and has no regulatory powers. All meetings are open to the public and take place on the third Monday of each month from 7-9 PM at the Lyme Town Office. Citizens are encouraged to attend and contribute their ideas. If you wish to serve on the subcommittee, please contact the selectmen.

UPPER VALLEY LAKE SUNAPEE REGIONAL PLANNING COMMISSION ANNUAL REPORT - 1996

The Upper Valley Lake Sunapee Regional Planning Commission is a voluntary association of thirty-one towns. The commission is concerned with the development of comprehensive plans for beneficial and balanced economic, environmental, and social growth in the Region. It functions as a research, resource, and informational agency, and when appropriate, acts to obtain Federal, State, and other approvals, grants-in-aid, loans, and similar assistance for individual member towns and for the region. The commission provides technical assistance to member communities in the areas of planning (land use, transportation, water quality, etc.), mapping, community development, grantsmanship, and grant administration. In addition, regional studies and projects, including our Regional Transportation Plan, household hazardous waste collections, and the Connecticut River Scenic Byway Study, are undertaken to the benefit of more than one community.

In the past year, services, such as our Planning Board training series, and library, which features maps, planning resources, and US Census data, were available to all of our member communities. There is also available a complete list of services which benefit members of the commission.

In 1996, our work specifically for the Town of Lyme included:

- Wrote successful grant application to fund and staff an economic development program for our ten Grafton County communities.
- Provided shore land statute information to the Planning Board.
- Requested and reviewed hillside and ridge line protection regulations from across the country.
- Drafted zoning ordinance and subdivision regulation amendments.
- Assisted appraiser in interpreting subdivision regulations and zoning ordinance to determine highest and best use.
- Helped Planning Board determine the best way to produce a digital land use map.
- Met with Planning Board to review Scenic Byway Inventory.
- Created and provided map of agricultural lands, prime agricultural soils, and protected lands.
- Conducted traffic counts at six locations.
- Developed GIS base map and provided GIS maps of soils, slopes, historic sites, wildlife habitat, deer yards, and wetlands, to the Conservation Commission.

Our commission looks forward to continuing to serve the Town of Lyme in the coming year.

UPPER VALLEY LAKE SUNAPEE REGIONAL PLANNING COMMISSION SERVICES WHICH BENEFIT ALL MEMBER COMMUNITIES

- Consult and help residents of member communities when asked.
- Meet with state officials and agency representatives to influence policy and to help keep the region an active participant in many ongoing programs. This includes activity with transportation, solid waste, economic development, and environmental regulatory agencies, in both New Hampshire and Vermont.
- Maintain a library of regional data, maps and planning resources, and answer many requests for information.
- Use the Geographical Information System (GIS) to perform mapping and analyses for member towns.
- Assist the Upper Valley Solid Waste District in dealing with solid waste issues. Provide general staff support for the district.
- Provide administrative support for the Upper Valley Household Hazardous Waste Collection Program.
- Work in cooperation with the Sullivan County Economic Development Commission and the Green Mountain Economic Development Corporation.
- Sponsor local sessions of the NH Municipal Law Lecture Series.
- Provide technical assistance to Advance Transit.
- Use the Regional Transportation Advisory Committee to develop regional policies and recommendations for the Regional Transportation Plan.
- Provide data about our regional build out analysis which forecast the population and number of dwellings in the region when totally built out.
- Revise and update the Regional Plan.
- Comply with applicable Vermont Act 200 requirements at the local, regional, and state level, including participation in the Council of Regional Commissions.
- Participate in Vermont Act 250 reviews.
- Sponsor planning board training sessions in New Hampshire and Vermont.

- Work with Upper Valley Land Trust and the Society for the Protection of NH Forests to protect open space and conserve important parcels of land.
- Participate in and work with the Connecticut River Valley Resource Commission.
- Review land use controls and master plans, and suggest amendments.
- Update the Regional Profile, a compendium of information about the region. Many businesses use this resource.
- Focus on the regional economy through our Economic Initiative Project.

**ZONING BOARD OF ADJUSTMENT
ANNUAL REPORT -1996**

With the appointment of two new alternate members at the end of December 1996, the Zoning Board of Adjustment (ZBA) enters the new year at full strength; five regular members and three alternates. Stephen Maddock continued to serve as Zoning Administrator for all of 1996.

Ninety-one applications for building or zoning permits were filed with the Zoning Administrator during 1996. Of those, seventy-two building permits were issued, eleven were permit renewals, and the balance were withdrawn or have not yet been acted upon. Where an application requires a special exception, a variance, or is denied by the Zoning Administrator, the case is sent to the ZBA. During 1996 the ZBA heard twenty-two cases, twenty-one of them seeking special exceptions and one appealing an administrative decision; seventeen cases were decided during the year with the balance still pending or handled in 1997; thirteen special exceptions were granted, one special exception was denied, one appeal was denied, and two cases were withdrawn.

ZBA meetings are normally scheduled for the first Thursday of every month, holidays excepted. There were eight such regular meetings, and seven other meetings to continue hearings or to meet the special needs of applicants.

Times and agendas of the ZBA meetings are posted. Applicants and abutters are notified by mail. ZBA meetings, both testimony and deliberations, are open to the public. Decisions, minutes, and recordings of its meetings are available to the public in the Lyme Town Offices.

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.

ANNUAL REPORT - 1996

Grafton County Senior Citizens Council, Inc. works through its local programs to enhance the health and well being of our older citizens and to assist them to remain independent in their own homes and communities for as long as possible. In eight locations throughout the county, including Plymouth, Bristol, Canaan, Lebanon, Orford, Haverhill, Littleton and Lincoln, older adults and their families are able to obtain services such as home delivered meals, senior dining room programs, transportation, social work services, information and referral, health and educational programs, adult day care, recreation, and opportunities to be of service to the community through volunteering.

During 1996, fifty-one older residents of Lyme were able to make use of one or more of GCSCC's services. These individuals enjoyed balanced meals in the company of friends in a senior dining room, received hot, nourishing meals delivered to their homes by caring volunteers, were transported to health care providers or other community resources by our lift-equipped buses, and found opportunities to put their talents and skills to work for a better community through volunteer service. The cost to provide these services for Lyme residents was \$4,210.54.

Community based services, provided by GCSCC and its many volunteers for older residents of Lyme, were often important to their efforts to remain in their own homes and out of institutional care, despite chronic health problems and increasing physical frailty, saving tax dollars and contributing to the quality of life of our older friends and neighbors.

GCSCC very much appreciates the support of the Lyme community for services which enhance the independence and dignity of our older citizens and assists them to meet the challenges of aging in place.

HEADREST ANNUAL REPORT - 1996

In 1996, Headrest celebrated it's Silver Anniversary, twenty-five years of service to the Upper Valley. Headrest is a comprehensive alcohol and drug treatment facility serving low income people. We offer drug, alcohol counseling and education, to adults and teens, plus consultation and referral to families affected by substance abuse. Our alcohol crisis intervention program allows for overnight lodging, non-medical detox, assessment, and treatment and referral.

Headrest's Shelter Program offers temporary emergency lodging to homeless people referred by local police, hospitals, churches, and mental health centers, as well as transitional shelter for those folks returning to the mainstream from residential treatment programs.

Trained Hotline workers with hundreds of resources at hand have been unceasingly available since 1971 *to inform, educate, and empower individuals and families to improve the quality of their lives.* Understanding, non-judgmental staff and volunteers listen carefully, lending emotional support, information, and referral to callers, 24-hours a day (448-4400). These special folks have expertise in handling crises involving the use of alcohol and drugs. Headrest was awarded re-certification by the American Association of Suicidology in 1996 and will be honored for this achievement at the Annual Meeting of the Association in Memphis in April, 1997.

In addition to Headrest's local (448-HELP) and toll-free Teen Hotline (800/639-6095), education/prevention programs such as *Teens Taking Charge For A World Without AIDS*, *Peer Outreach* and *H.O.P.E.S.*, an alcohol education group, are available to youth, parents, and educators.

In 1996, five Lyme residents received over thirty hours of alcohol and drug abuse counseling and education, while one other was provided fourteen bed nights in Headrest's homeless shelter. Thirty-three Hotline calls were received from callers who identified themselves as Lyme residents. There were 466 calls from callers who would not give their place of residence and we suspect that many of them were Lyme residents.

We wish to thank the residents of Lyme for their ongoing use of our services, their private donations, and for their public support through their annual appropriations.

Ron Michaud, Director

LISTEN COMMUNITY SERVICES ANNUAL REPORT - 1996

LISTEN'S mission is "To ensure that the Upper Valley residents have the resources that they may become economically independent." We coordinate with the town welfare services to provide immediate assistance through programs like our emergency food pantry and fuel aid. We also work to improve the long-term financial health of households through individual budget counseling.

LISTEN Community Services offers five programs to Lyme residents.

- Housing & Utility Assistance - fuel assistance funds were obtained for thirty-eight Lyme residents. Housing information and referrals were provided for three others.
- Food assistance - fifteen people received emergency food packets.
- Money Management - five people participated in LISTEN budget counseling while six others were given emergency financial aid.
- Child & Family Services - summer camp placements and Holiday Basket Helpers are available to Lyme children. One Lyme household was involved in 1996.
- Thrift Stores - low cost clothing and household goods are available. There is no charge for merchandise to individuals referred by schools, churches, and social service agencies.

Lyme residents may call LISTEN toll free at 1-800-263-1166. We thank you for your support.

Hilde Ojibway, Executive Director

VISITING NURSE ALLIANCE OF VERMONT AND NEW HAMPSHIRE, INC. ANNUAL REPORT - 1996

We are very grateful for the continued support Lyme provides to help VNA meet the home care and hospice needs of its community members. Here are some crucial points to consider regarding the importance of funding VNA programs in your town.

- VNA services are available to persons of all ages and all economic means.
- Hospital discharge planners and attending physicians work closely with VNA to decide a course of treatment for each home health care patient.
- Our VNA staff from the Bradford branch provides skilled services for people who are recovering from surgery, have an acute illness or disability, require long term care, and/or need support and symptom control during a terminal illness.
- Town funds help provide care for people who do not have adequate insurance or the ability to pay.

WISE ANNUAL REPORT - 1996

CELEBRATING 25 YEARS OF SERVICE IN THE UPPER VALLEY

WISE thanks the people of Lyme for their support in 1996. Eighteen Lyme survivors of domestic violence and sexual assault received assistance during FY 1996. WISE goals include increased community outreach through our youth program, and contact with local businesses. Our client growth has made community support vital for WISE to continue providing all crisis services FREE to clients. No one is ever turned away. WISE is the only agency of its kind in the Upper Valley. Services are available 24 hours a day, 365 days a year. Many people we work with would have nowhere else to turn for legal advocacy, counseling, or other emergency assistance if WISE services were not available.

The Domestic Violence Program provides services to educate women, men, children, and teens of the Upper Valley, that violence does not have to be part of their lives.

Wise also provided non-crisis services such as helping with job problems, finding legal or medical advice, counseling, finding a safe home, helping to obtain restraining orders, and providing transportation.

The main reason WISE can do so much with limited financial resources is because of our dedicated volunteers: 9,500 hours FY 1996.

Our mission statement:

WISE empowers victims of domestic and sexual violence to become safe and self-reliant through crisis intervention and support services. WISE advances social justice through community education, training, and public policy.

GRAFTON COUNTY COMMISSIONERS

ANNUAL REPORT - 1996

The Grafton County Commissioners are pleased to submit the following report to the citizens of Grafton County. We hope it will increase your understanding of Grafton County's finances and operations, and assure citizens that their county tax dollars have been expended wisely.

During FY 1996, funds received exceeded the budget by \$895,242.84 for a total of \$16,366,912.84 in actual county revenues. This was primarily due to the receipt of Medicaid Proportionate Share Payment, given by the Federal Government to partially offset the cost of serving a disproportionate share of Medicaid recipients at the County Nursing Home. The over-expenditure was due to the county's payment to the state which allowed us to receive the Medicaid Proportionate Share Payment.

Expenditures for Medical Referee, Dispatch Center, County Jail, Wage & Benefit Adjustment, were over budget, but all other departments were well under their budgeted amounts.

The bottom line for FY 1996 shows that revenues exceeded expenditures by \$568,997.74, leaving the county in a sound financial position at fiscal year end. The commissioners feel extremely proud of this financial picture, which exemplifies good management by all county department heads, both elected and appointed.

Grafton County experienced some major occurrences during FY 1996, some of which were: the formation of the Grafton County Regional Economic Development Council and its Board of Directors; the December hostage situation at the Grafton County Department of Corrections; the Whole Village Family Resource Center, Inc. project was completed with twelve agencies being housed inside the facility in Plymouth; the Grafton County Department of Corrections became a smoke-free facility on January 1, 1996; the E-911 system came on line at the Grafton County Sheriff's Department Dispatch Center in July of 1995; long-time Dietary Supervisor Edna Bowley retired in December. The electronic monitoring program at the Grafton County Department of Corrections continues to grow as well as its new, expanded, Drug Freedom Program, which is funded by a grant through the Attorney General's Office.

All other county departments were extremely busy during FY 1996. The County Treasurer continues to do an excellent job in investing county funds, and investment income exceeded the county budget figure by \$45,797.26. The county attorney performs well in his office and the number of backlogged cases has been reduced drastically. His relationship with local law enforcement agencies has improved the overall operations of that office. Once again, the activity in the Sheriff's Department, through Dispatch, increases with activity yet remains as effective and efficient as always. Carol Elliott, Register of Deeds, and her staff, continue to be

overwhelmed with work, and do an excellent job generating a great deal of revenue for Grafton County and the State of New Hampshire.

For FY 1996, the commissioners concluded with preparation of the FY 1997 county budget, which was adopted by the County Legislative Delegation in late June.

The Grafton County Board of Commissioners holds regular weekly meetings at the County Administration Building on Route 10 just north of the County Courthouse in North Haverhill, with periodic tours of the Nursing Home, Department of Corrections, County Farm, and Courthouse. The commissioners also attend monthly meetings of the Grafton County Executive Committee. All meetings are public, with interested citizens and members of the press encouraged to attend. Call the commissioner's office at 787-6941 to confirm date, time, and schedule.

In closing, we wish to express our appreciation to all staff members, elected officials, other personnel, and the public, for their efforts in serving the citizens of Grafton County.

DISTRICT ONE COUNCILOR'S REPORT

It is an honor to report to you as a member of the New Hampshire Executive Council. The Executive Council is five in number and serves much like a Board of Directors at the top of your Executive Branch of State Government in Concord. We vote on most contracts over \$2,500 to outside agencies, individuals, municipalities, and major permits to use state water. Two hundred sixty-seven unclassified positions as Commissioners and Directors within the Executive Branch of State Government, and the entire Judicial Branch of NH State Government are voted in by the Governor with the advice and consent of the Executive Council. We also vote on gubernatorial nominations of hundreds of citizens to various boards and commissions as prescribed by NH Law.

Anyone desiring further information should write or call our State House Office (listed below).

Citizens in this region should be attentive to several projects:

- 1. The statewide Health Care Council's eighteen month planning project will be coming to conclusion in December of 1997. There are three very active councils in this district. Information can be obtained by calling Commissioner Terry Morton, Department of Health and Human Services, at 1-800-852-3345.

2. The ten year highway planning process will be underway this coming spring and fall. I will be conducting at least three hearings in this district to ascertain regional needs. Information on this project can be obtained by calling Commissioner Leon Kenison, Department of Transportation, at 271-3735.
3. The NH Joint Tourist Promotional Program will, I expect, be funded with at least \$500,000 to be matched by local Chamber of Commerce and tourist groups to promote your region. Information on this program is available from Commissioner Robb Thompson, Department of Resources and Economic Development, at 271-2411.
4. There is approximately \$172,000 waiting to be matched by local economic development promotion dollars from local groups. Information can be obtained on this program from Director Norman Storrs, Economic Development, at 271-2341.
5. There is about \$10 million dollars waiting for applications from local governments for Community Development Block Grants to improve your local town and area. Information on how to apply can be obtained by calling Director Jeff Taylor, Office of State Planning, at 271-2155.
6. Local towns, cities, counties, and eligible organizations should be aware of the large Federal and State Surplus Distribution Programs. The state surplus distribution center is open to the public at White Farm on Clinton Street in Concord, NH, on Mondays, Wednesdays, and Fridays. Further information may be obtained by calling Supervisor Art Haeussler, Surplus Distribution, at 271-2602.
7. Citizens and groups concerned with disabilities should be aware of the large number of services available from the Developmental Disabilities Council by calling Director Alan Robichaud at 271-3236.
8. The Department of Environmental Services, covering water, sewers, air, lakes, and rivers, has available information and financial resources by calling Commissioner Robert Varney or Assistant Commissioner Dana Bisbee at 271-3503.
9. The Department of Health and Human Services, including elderly, mental health, human services, public health, drug and alcohol abuse, are all under Commissioner Terry Morton at 1-800-852-3345.

Our State Government is small, effective, and efficient. It is amazing how many services, technical information, and financial assistance, are available to eligible applicants.

Raymond S. Burton, Councilor

INDEPENDENT AUDITOR'S REPORT

To The Board

Lyme School District

Lyme, New Hampshire

We have audited the accompanying general-purpose financial statements of the Lyme School District as of and for the year ended June 30, 1996, as listed in the table of contents. These general purpose financial statements are the responsibility of the Lyme School District management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Lyme School District as of June 30, 1996, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The individual and combining fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Lyme School District. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

LYME SCHOOL BOARD ANNUAL REPORT - 1996

At the last district meeting the Town directed the School Board to establish a School Board Advisory Committee to study the Town's options for educating our high school students. An Advisory Committee made up of a variety of community members was created and during the course of the summer and early fall it pursued its' charge. The Committee met with administrators and boards of area high schools, received public input and, at a Special District Meeting in October, presented its findings to the community. Among the Committee's findings were that while the Town wants to maintain "choice" for its students, that option may not be available in the long term. In response to the Advisory Committee's work, the School Board created a High School Subcommittee which continues to pursue discussions with area high schools. There remains much work to be done on this issue.

At a Special District Meeting held pursuant to a newly enacted law dealing with supervisory unions, the District voted to establish a "Study Committee" to study the question of whether the District should withdraw from SAU 22. The other New Hampshire Districts of SAU 22 have taken this step as well. The Committee, made up of two members of the school board, one member of the Budget Committee, and four members of the community chosen by the District Moderator, is charged with studying the question and making a recommendation to the district at a future Special District Meeting. At that time it is expected that the District will vote on the Committee's recommendation.

The Board continues to focus on academic excellence and challenging all of our students. Curriculum review and development is ongoing, with Phase III of that process beginning in the current year.

Finally, the Board values input from all members of the community and encourages everyone to attend its meetings.

PRINCIPAL'S ANNUAL REPORT - 1996

Our theme this year is *The Renaissance*. This great age of exploration and discovery provides a wonderful umbrella for many new and exciting learning opportunities for all of our students. These activities began with a dress-up day in the fall. They will culminate with multi-age activity projects and a Beethoven assembly in the spring.

Two very broad goals we are focusing on are excellence in academic achievement and character development. In the area of character development we are working on one trait per month.

In the spring of 1996 we completed Phase II (all content areas) of our curriculum review. In January, 1997, we entered into the final stage, Phase III of our curriculum review plan. This year we'll be putting our latest efforts into the area of social studies and mathematics. The proposed budget for 1997-98 continues to show significant investments for continuation of the implementation Phase II and III.

Our computer technology program continues to develop. A \$5000 grant that has updated our technology equipment. Many of our classroom and lab computers are now hooked up to the world-wide web. We offered several adult education courses this year.

For the first time we have sent a staff team (3 teachers and principal) to the Skillful Teacher Institute, a 7 day intensive program focusing on the skills needed to be outstanding teacher.

The PTO has reorganized into 'Friends of Lyme School' with a mission to support and enrich the educational environment of Lyme children. They meet the first Monday of the month. Thanks to the hard work of many on last year's PTO Variety Show, we have purchased a new sound system for the community meeting room/gym. We'd like to thank everyone for their efforts and support that made this become a reality.

Lyme School sponsored a community forum concerning gender equity and a forum focused on school and community partnerships.

We now have a Lyme School parent/student handbook. This year the middle school implemented a new computerized grading system that allows teachers to give detailed progress reports to students and parents whenever requested.

Lyme School hosted Miki Sawada, an intern from Japan from October to February. She enriched the activities for each grade level culminating in a Japanese Festival held in February.

Following are two groups of graduates who will be recognized in June.

John Franklin's father, Harry P. Franklin, had this photograph among his personal effects. The handwriting on the back of the photo says:

"Lyme's First Road Machine. Theodore Wise guiding machine."

This is a photo of Lyme's "new road machine" of 1996. The Lyme Highway Department is standing in front of the new John Deere road grader. They are from left to right, Mark Hewes, Russell Stearns, Robert Wilmot and Fred Stearns, III, Road Agent. The photograph was taken in the fall of 1996 beside Post Pond.
